25X1 * [REDACTED] Comment. The installation at 23 Sachsenhauserstrasse is an extensive factory area between the western side of Sachsenhauserstrasse and the Havel River. According to a previous report the former Kaiser chemical factory, now the nationalized enterprise Oranienburg Chemie-Fabrik, in the southern section of the factory area was partly occupied by Soviet troops while the former Klinkerwerk in the northern section of the area was presumably completely occupied by Soviets. The installation was lightly occupied on 29 August 1950. [REDACTED] The present report indicates that the occupation increased in the meantime.

25X1 ** [REDACTED] Comment. The barracks installation on Bernauerstrasse was only lightly occupied on 31 August 1950. [REDACTED]

25X1

25X1 [REDACTED] Subject report does not indicate whether the barracks were more heavily occupied than before.

25X1 *** [REDACTED] Comment. The motor vehicles of the 9th 3ds Tank Div, the 10th Gds Tank Div and headquarters units of the Second Gds Mecz Army observed in Oranienburg may have been connected with field exercises then being conducted by elements of these units in the Oranienburg area.
